July 29, 2016

Debbie Delgado (904) 360-5437

Debbie.delgado@dot.state.fl.us

Union Street ramp to Washington Street closed tonight through Monday

Jacksonville – The Union Street ramp to Washington Street, at the western foot of the Mathews Expressway, will be closed tonight at 7 p.m. through Monday at 5:30 a.m., weather permitting, for roadway transition repairs related to the Hogan’s Creek bridge replacement project.

Traffic traveling east on Union Street to the Washington Street ramp will detour to Liberty Street and Beaver Street (map below).

Eastbound Union Street traffic will remain open with access to the Mathews Bridge as well as southbound access to Liberty Street during the ramp closure.

A complete road closure and pedestrian and vehicle detour has been in effect at the North Washington Street and East Union Street project site since the project began and will continue to be in effect for the duration of the project. Motorists should continue to follow the existing detour for the closed North Washington Street site: northbound detour is Beaver, Market, Church Catherine, Duval streets, A. Philip Randolph Boulevard and Union Street back to Washington Street. Southbound detour is State, Newnan and Church streets (map below).

The Florida Department of Transportation’s (FDOT) \$1.7 million Hogan’s Creek Bridge Replacement project began in September, 2015 and is scheduled for completion this summer. The project includes replacing the existing bridge box culvert with a single span bridge culvert, resurfacing the roadway and reconstructing existing sidewalks.

Detour July 29-August 1

Existing detours
